Clicking any Edit Information Document button will open the [Rich text editor](#), where the Project Manager can add/edit the **information document** -- which may consist of texts, rich texts, and images.

The blue information document icon pertains that it has content, while gray pertains it is empty.

When there is no information document icon in a given cell, it means that the event is not [contributing to the objective](#).

NOTE: Due to security reasons, only images are allowed to be attached to the information documents. You can add hyperlinks to link to any external files. Just upload your PDF (or any other file) to any external servers such as Dropbox, GoogleDrive, OneDrive, Amazon, etc., and put the link to this file in the information documents.
